Candidates Line Up For Vote Battle At Mokena

Mokena voters will elect a mayor, village clerk and three village board members when they go to the polls next Tuesday. The village hall will serve as the polling place. Hours for voting will run from 6 a.m. to 6 p.m.

There are two tickets in the field as far as the mayoralty and council seats are concerned but Alvin Sorenson, village clerk, has no opposition for re-election. He has grown up in Mokena and has held the clerk's post for 20 years.

Running for mayor are Charles Swanberg, incumbent, and Eric Book.

Swanberg, a native of Manhattan, has lived in Mokena for many years and is the owner and operator of a farm machinery and equipment firm here. He was an organizer of the Mokena park district and now serves as president of the park board. He also is active in the Mokena Chamber of Commerce.

Book, a widower, resides with his three children on Third st. He is in the chief technical proposal group of

the Andrew Corporation at Orland Park. He has been active in the affairs of the Mokena volunteer fire department and currently is serving that organization as secretary. He has been a resident of Mokena for 10 years.

Candidates for trustees on the ticket with Swanberg are, Clarence Zugenbuehler, an incumbent, George Bills and Roy Richardson. Running on the ticket with Book are, William Sheridan, James Quin and Edward Haislet.

Zugenbuehler is married, has two children and has been a resident of Mokena 11 years. He is a cattle market reporter for the Chicago Daily Drovers Journal, at the Chicago Stockyards. He is active in the Mokena post of the Veterans of Foreign Wars.

Bills, a resident of Mokena for 19 years, has three sons. His wife, Jane, is on the Lincoln - Way high school faculty. He is in the sales department of the Johns-

Manville Corp. and is a colonel in the U.S. Army Reserve Corps. He served actively for five and a half years, beginning with World War II. Bills once served on the board as a trustee and was once a candidate for mayor.

Richardson is a candidate for political office for the first time. He owns and operates a meat market on Front st. He and his wife have one son and three daughters. The family has lived in Mokena 16 years. He is a past president of the Mokena Lions and the former Mokena Civic Association, and is a member of various organizations, including the Amvets. Richardson has been a member of the Mokena zoning board of appeals for the past seven months.

The ticket headed by Swanberg is known as Independent No. 1. The other ticket, that is headed by Book, is designated as Independent.

Sheridan, on the Independent ticket, had his first taste of political conflict two years ago when as an unknown, as far as politics are concerned, he ran against Swanberg who was up for re-election to the park board. Sheridan lost by only a very few votes. He is a Democratic precinct committeeman. Graduated from Lewis college last January he plans to study law. Now he is working as a substitute mail carrier out of the Mokena office.

Quin, a resident of Mokena since 1952, is employed as product manager in the advertising department of Swift and Co. He and his wife and two sons reside on Parker st. He is a member of the Veterans of Foreign Wars and is active with Cub Scout pack No. 38. This is his first venture into politics.

Haislet, who lives on Anna street, with his wife and three children, is employed by the Ace Insulation Co. a Chicago and is a member of the Lions club and the Moors lodge.

Low Bids On FAI-80 Grade Separations

Two Chicago construction firms, Thomas M. Madden and Krug Excavating Co., are the apparent low bidders on two grade separations involving FAI-80 in the Mokena-New Lenox area.

Madden's figure for a four-span welded plate girder, structure carrying Francis road over FAI-80 at Sievert rd., with bituminous paved approaches totaled \$194,987.

Krug's bid for a four-span continuous WF-beam structure carrying Wolf road over I-80 in the vicinity of 183rd st., north of Mokena, was \$188,320.

Orr Construction Co., Chicago Heights, was the apparent low bidder on a project involving Laraway road. The project provides for 5.98 miles of gravel or crushed stone base course extending east from Alternate 66. It's bid was \$310,771.

Orland To Benefit From Free Blacktopping Job

Resurfacing of 143rd street between Wolf rd. and Beacon st. in Orland, is scheduled for this year, according to information received by Mayor W. R. Schussler, Jr. from the Department of Public Works.

The pavement is to be resurfaced with blacktop and the only contribution asked of the village of Orland Park is to straighten out a parking situation on the south side of 143rd st. just west of the Wabash railroad crossing. Parallel parking would be mandatory there.

The mayor made the announcement at the regular meeting of the village board Monday night. The board is to meet again in an adjourned session next Monday night (April 19) This meeting is to be held for possible action on request for annexation of Brentwood Hills. Brentwood Hills is a subdivision planned by Valgene Holt and Michael Howard.

Members of the village board, meeting as a committee, were slated to meet with the developers and their attorney today to discuss terms of a pre-annexation agreement. Village Attorney Raymond Pieper is also to attend. If the agreement is worked out satisfactorily today it is probable that the board will act on the annexation petition next Monday night.

The zoning board of appeals recommended that the classification for the subdivision be made AA. This would permit the use of lots of 7500-square feet in size, but Holt said the lots would be at least 9300-square feet. Three-bedroom homes, ranging from \$18,000 to \$20,000 in price are planned, the subdividers said. Brentwood Hills is located on 145th street, between 90th and 91st avenues, east of Orland Park.

Relative to zoning Christ Lutheran church will not have to petition for a change in zoning classification for its five-acre church and parsonage site at the southwest corner of 147th and 104th ave. Village Attorney Raymond Pieper said that churches and parsonages were permissible in Class A areas.

Fred Metcalfe was granted a building permit for a two-story home on 145th place. The estimated cost was given as \$22,000. Three permits were issued to C. J. Mehling for homes at 14430, 14422 and 14435 85th ave. All have attached garages and the prices range from \$18,000 to \$22,000.

Attorney Pieper was instructed to draw up resolutions for the village board to pass, commending the services of Robert Miller and Robert Miskee, and

and thanking them for their assistance to the community.

Miller was formerly building commissioner, a position he held for many years, and Miskee was former chairman of the zoning

board of appeals. Both tendered their resignations recently because of the increased demand on their time from their regular business.

Topics In Town Meeting

At the annual town meeting held at New Lenox the appropriation ordinance and budget were adopted and taxes levied.

Two items are included in the appropriations this year for the first time, \$1,800 as the township's share of cost of a countywide census, and \$1,000 as a possible engineer's fee if one is required is pressing for action on an interchange with FAI-80 on North Cedar rd.

The Joliet Chamber of Commerce is urging a special census of the county and is enlisting the aid of townships to meet the cost. Frankfort township has just completed a special census so if a county census is taken within the year those figures would stand.

Current population figures for the county could be used in talking with industrial locators, it was pointed out, and would also be of value in highway discussions. It is understood that the engineers dealing with FAI-80 grade separations are using 1950 population figures in contending there is no need for an interchange on Cedar road north of the village.

Taxes levied for town purposes include \$11,900 for the town fund, as compared to \$12,450 in 1964; \$6,700 for general assistance, which last year was \$7,500; \$4,400 for the township library which is \$100 less than for 1964, and \$1,800 for the Bogardus fund--for needy veterans--which is up \$600 over last year. The total town tax levy for 1965 is \$24,800 as compared to \$25,650 for 1964.

The road and bridge levy is \$58,800 and construction

or repairing bridges at joint expense with the county is the same as last year, \$11,000. The total road and bridge levy, therefore, is \$69,800 as compared to \$70,500 last year.

The town meeting was held election day at the Lions Den. The number attending was 45.

The Sabin oral polio vaccine program, held March 28, was a great success. Over 2100 doses were given out, which shows an excellent Mokena "turn-out".

The program could not have been so successful without the hard working volunteers, who so graciously gave of their time.

Gordon Richards, who is clinic director and is in charge of the program, cites the following for excellence: Jim Cooper, Stanly Baudry, Roger Wellman, Skip Smith, John Weber, Jim Ennis, Margaret Mueller, Violet Weitendorf, Mr. and Mrs. Frank Halliday, Mr. and Mrs. William Bradley.

Also, Mr. and Mrs. Buske Miss Gladys Rinke, Mrs. Kenneth Heim, Mrs. Lacke, Mrs. Jecka, Paul Wagner, Mrs. Lester Erdman, George Bills, Elli Braun, Dan Wilson and son, Clarence Miller, Jack Hansen, Marge Stroh, L. Rauch, Dan Kurber, Herbert Neef, Dr.'s Demus and Huffman and nurses, Miss Ann Federman, Janet Miller, Marilyn Sorrenson, Dorthy Owens, Sally Bernard, J. Linden, Margaret Istal, Ann Bourne, Kohl and Sedelle Peterson.

Don't forget, the second dose of vaccine will be given on Sunday, May 23 between the hours of 11 a.m. and 5 p.m. at the Willowcrest school.

Arbury Hills

Baseball League Aux. Will Meet On April 28

MRS. EDWARD HOVI
479-5740

The Auxiliary of the Ac-bury Hills Boys Baseball League will have a meeting at the school on Wednesday, April 28 at 8 p.m. This will be presided over by the newly elected officers. All women are invited to attend, and in particular the mothers of the boys participating in the baseball program.

The Arbury Hills Boys Baseball League had a very successful candlelight bowling party on Saturday evening, April 3. One hundred persons were present.

The Bowling Alley provided two trophies for the persons having the most gutter balls in one game. We will leave the recipients of these two doubtful awards nameless to avoid more red faces.

The high game for men was bowled by Lou Cervanka with a 194, and the high game for women was rolled by Mrs. Lillian Burkhardt with a 152. Both high games were awarded a free ticket to the next candlelight bowling party given by the Arbury Hills Boys Baseball League.

Tickets are now on sale for the next bowling party on May 1. The price is \$3 per person, which includes a free cocktail hour and candlelight bowling. The tickets are available at the home of Joe Mangan of 9502 W. Hickory st., telephone 479-3921.

There will be no tickets laid aside for future payment. All will be sold on a first come, first served basis.

Next Saturday, April 17 will be the final opportunity for any interested boys to register for the coming

baseball season. To be eligible to register the boy must reside within the school district, have reached the age of eight by August 1 and have paid a registration fee of three dollars.

In order to obtain a registration application, please contact one of the following telephone numbers: Francis Cronos at 479-5038, Joe Mangan at 479-3921, or Joe Arcuri at 479-5030.

April 17 is also the final day for payment of the \$3 registration fee for those who have not already paid. The registration will be held at the baseball field between the hours of 1:00 and 3:00.

The Summit Hill Parent-Teacher group held its regular monthly meeting at the school on Thursday, April 8. There was election of officers for the coming year. Those elected were: Mrs. Joan Neumayer, president; Jim Reeves, the eighth grade teacher, vice president; Mrs. Shirley Boothe, secretary; and Mrs. Jewel Terracina, treasurer.

There was also a vote on the dispersal of funds raised during the past year with the vote going to purchase reading material, both for the library and also to give all eight grades additional reading material to be used as text books for the advanced child and the child who needs additional assistance in reading.

The funds raised by the talent show was tabled until next month, and a committee was formed to investigate the cost of lighting the far end of the school parking lot. The committee will report on the results of the investigation at the next meeting.

There were also three other committees formed at the meeting: auditing Fun Fair and picnic.

Don King, from the Tinley Park State hospital, gave a talk on mental health education.

The meeting for May will see the installation of the new officers and their taking over the business of the meeting.

The Arbury Hills Kindergarten Organization will hold its April meeting at the school next Tuesday evening, at 8:30 o'clock. This will be the final formal meeting of the organization.

There will be three officers elected that night. The type of float for the baseball parade on May 23 will be discussed. A discussion will also be undertaken on the possibility of reduced tuition for the month of May for the kindergarten pupils. The chance of a reduction in tuition will hinge on the amount of funds in the treasury.

There will be an open board meeting with both the old and the new board in attendance on May 18 at 8:30.

With the spring weather finally showing its lovely head, more and more small children will be out of doors. Little ones will sometimes forget that streets are for cars and sidewalks are for children. Drivers please watch with greater vigilance for unthinking children.

The speed limit in Arbury is posted at twenty-five miles per hour. This is hardly unreasonable for a completely residential area. If you are looking for a race track, surely there is a more suitable place than residential streets for racing.

The Arbury Hills Teens Club is planning a Hay Ride at Hoover's Farm on Saturday evening, April 23. The cost will be fifty cents for members and one dollar for their guests.

Anyone needing a ride to the Hay Ride is asked to be present at the school at 6:30 p.m. on Saturday, April 24.

The Teens Club is also selling candy as a fund raising project. Please treat them with courtesy, when they come to your door.

Arbury Hills Baptist chapel, Robert M. Thornburg, pastor. Sunday school at 10 a.m. and worship service at 11 a.m. in the Arbury Hills school building district 161.

The new Arbury Hills Baptist chapel is being sponsored by the First Missionary Baptist church of Crete.

If you've been sitting tight waiting for just
your kind of car, with just your kind of power,
at just your kind of price—wait no longer!

Chevrolet. It's a bigger, more beautiful car this year. Which is why that handsome silhouette could be mistaken for cars costing a thousand—even two thousand—dollars more.

Chevelle. This one's got lively looks, spirited power, a softer ride—and remarkable room atop a highly maneuverable wheelbase. No wonder it's today's favorite mid-size car.

Chevy II. No car so trim has a right to be so thrifty. But thrifty it is, with money-savers like brakes that adjust themselves and a long-lived exhaust system.

Corvair. Ask any '65 Corvair owner how it feels to drive a car with such easy steering, tenacious traction and responsive rear-engine power. And be ready to do lots of listening.

Southwest Development Group Outlines Aims

The Southwest Development Committee is a new group of citizens to forestall creation of suburban slums. The committee also proposes to aid 16 villages and town in the southwest area in joint effort to work in unison on the many problems associated with rapid growth which is predicted for

the area.

The first official meeting of the committee brought attendance from the whole area both from representatives of civic organizations and elected officials of various towns and villages. In answer to queries, Kenneth E. Webster of Tinley Park who is chairman, explained that area to be covered by the committee is; west of Halsted St., south of 135th St., north of U.S. #30, but to include Park Forest and Frankfort; and east of Wolf Road.

Mr. Webster explained that the organizers felt that a tighter and more effective organization could be effected by this limitation. However, service clubs of towns as far south as Kankakee and other active groups outside this described area, have expressed and interest in the objectives of the organization.

The general objectives and hopes of the various towns and organizations were expressed by those present.

A study was had of the expressway network and the Industrial Belt of the United States and Canada. It was noted that I-80 is vital to the growth of the country and its defense. Our area was referred to as the entry to the "Ruhr Valley of North America" due to its production of steel, chemicals, oil products, etc. - also inclusion in the area which will be actively served by the St. Lawrence Seaway, which connects the Gulf of Mexico with the Atlantic ocean via the Mississippi river-Illinois Waterway and Lake Michigan complex.

It was noted that completion of the I-80 "Missing Link" is a part of the program of the committee, it is only a part of it. The objective is co-operation of civic groups in aiding growth of the towns and villages without being controlled by the vagaries of political grouping as such. Each political group is subject to pressures from another political grouping.

Executive board of the committee is made up of:

Kenneth E. Webster, Tinley Park, chairman; Leo J. Marcoux, Mokena, treasurer; Mrs. Herman Taylor, Flossmoor, vice chairman; Denis Normoyle, Tinley Park, secretary; Board members, Mrs. Frank P. Cowing, Sr., Homewood; Leland Rayson, attorney and state representative, Tinley Park; Mrs. Julia Harnett, Chicago Heights; Melvin E. Keup, banker, Tinley Park; Maurice P. Angland, investment broker, Mokena; Anthony L. Baker, business man, Frankfort.

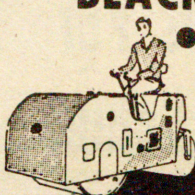

Southwest communities are; Chicago Heights, Country Club Hills, Flossmoor, Frankfort, Harvey, Hazelcrest, Homewood, Markham, Midlothian, Mo-

kena, New Lenox, Oak Forest, Olympia Fields, Orland Park, Park Forest, Tinley Park.

The next committee meeting is to be April 27, 8 p.m. in the Bremen township hall, 16361 - Kedzie ave., Markham. Officials of the Illinois highway department are to be invited to attend to give the group information on the present status and plans of the department.

State Reports Amount Of Sales Tax Given Cities

The number of municipalities now receiving a half cent out of the four cents collected by the state in sales tax has grown to 1,183 and is still growing.

For its trouble the state also enjoys a bite from the city shares, a matter of four per cent. Collections are never reported on a current basis, since that would not be possible.

Right now the department of revenue is reporting on the amount of sales tax the municipalities were credited with in January on Dec-

ember sales. The net amount coming to cities and villages because of December business is \$8,160,002. The net amount going to counties is \$501,644.

Three members of the Lincoln-Way Chapter of the Future Farmers of America won in Section FFA competition and advanced on to District.

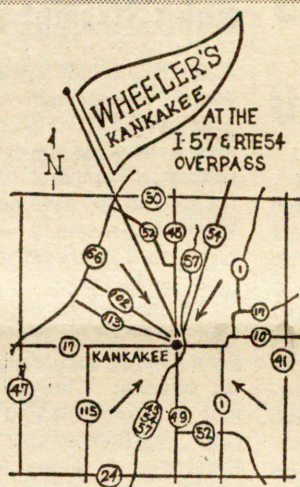

Terry Seggenbruch won the first place plaque in the soybean production division. This is the second year for Terry in the Soybean project area. Terry also has a herd of purebred Holstein dairy cattle and a start in the purebred Spotted Poland China hog business.

Lloyd Christiansen won the first place plaque in the poultry production division with his flock of Hybrid hens. Lloyd also has an outstanding purebred Holstein dairy project. This is the second year in a row for Lloyd to win the first place sectional plaque in poultry production.

Don Smego was the first place Plaque winner in farm safety. Don has also been a Holstein dairyman and has

had quite a large hog producing operation of his own. In fact, if you need any good registered Hampshire boars, see Don. Don, too, is interested in egg production on a large scale.

Section 8 includes eighteen schools in an area of Will and surrounding counties and according to Robert Van Rheeden, their Vo-Ag. instructor, is one of the strongest sections in the state in competition in the FFA.

THE CITIZENS REPUBLIC PLATFORM:

1. The Village now has a top sewer and water system which has attracted such new industries as Superior Match, Standard Industrial Compound, S & S Sink Tops, etc. We pledge to keep the system modern and to extend and develop it as may be required by the needs of the Village.
2. An economical and efficient administration. To date the sewer and water bills have been collected 100% by our present Clerk, which has permitted the Village to prepay \$35,000 of the sewer bonds.
3. Annual audits are made by a CPA firm, which accounts for every penny taken in and expended by the Village, including the SALES TAX REVENUE. The Village corporate tax rate has not been increased for the past 20 years.
4. The extension of our toll free telephone system to include the surrounding areas of Joliet, Chicago Heights, New Lenox, etc., is a great advantage to the Village residents. This action was supported by the Village Board; the petitions circulated by it and other interested citizens, and at the final hearing before the Illinois Commerce Commission, those who attended and testified to bring this into effect were Daniel W. Hecht, George Tate and the Village attorney.
5. The continued improvement of our streets through the use of STATE MOTOR FUEL TAX FUNDS, as shown by the recently announced rebuilding of Utah Street. TWO YEARS AGO a five-year arterial street plan was adopted. This plan should be amended to extend Maple Street North to U.S. Rte. 45 to serve the citizens of LINCOLN MEADOWS and CONNECTICUT HILLS. The new census will give the Village an additional \$2,000 per year for street work.
6. The modernizing and updating of our building, zoning and planning codes. The Trustees retained TEC Consultants to assist on this program on March 16, 1964. To date, the Mayor has taken no action to initiate this program.
7. To encourage a daily bus transportation system which was lost in 1963 on the petition of Gold Star Lines. The Board objected to the suspension of this service, but was overruled by the Illinois Commerce Commission.
8. The improvement of police protection so as to have 24-hour service. This plan was presented by the Police Committee in October of 1964, but the present Mayor took no action on the recommendations.
9. The beautification of our Village by a tree replanting program, additional Park Improvements, and clean up of the various unsightly conditions in the downtown area.

Vote for these candidates of the Republic Ticket with the experience, ability and desire to keep Frankfort moving ahead as one of the leading communities in the area.

Eagles Lose To Eisenhower, Defeat Thornridge Nine

BY BILL KAROLICH

Wednesday, April 7, was a bad day for the Sandburg varsity baseball team. It ran up against Blue Island Eisenhower when that team turned in a no-hit no-run performance to win 2 to 0. Last Saturday, however, the Eagles had success, edging Thornridge 6 to 5.

In the game against Eisenhower Roland Roth pitched the first five innings for the Eagles, giving up only three hits and one earned run, a

very respectable showing. He struck out three and walked four. Ed Peterson worked the final two frames, allowing but one hit. He fanned three and walked two.

The game was well played on both sides. There was good pitching and good defense but at this stage of the season the pitchers are ahead of the batters. This was evidenced by the weak offense of both teams.

One of the neat defensive bits was a throw from cen-

ter fielder Ron DeHertogh to Tom Hoferica at second who relayed it to catcher Jim Richardson to nab speedy Cornelius Coleman at the plate.

The game with Thornridge was not as close as indicated by the score. Sophomore Don Urbanciz, on the mound for Sandburg, had a three-hit shutout going up to the seventh inning, when he weakened and was replaced by Peterson.

8 L-W Students Make Straight A's

Eight Lincoln - Way students made straight A averages in the third quarter, it was announced by Supt. A. Hunter Chapman. The honors could not have been divided more evenly -- there were two representatives from each class.

Students with these top averages --4.0--are: Georgian Janner, and Martha Otto, seniors; Thomas Hartnell and Connie Jo Van Rheeden, sophomores; Chris Klasing and James Rheinwald, juniors, and Maureen Carlson and Susan Semankovich, freshmen.

There were 64 other students on the high honor roll.

Honor Prep Cage Stars At Banquet In Chicago

Three basketball players from Lincoln - Way High, champion of the Southwest Suburban Conference, and three from Sandburg High, runner - up, were among those honored at an awards banquet last night (April 14) in the grand ballroom of the Sheraton - Blackstone hotel, Chicago.

The affair was sponsored by the Coca-Cola Company of Chicago and the Chicago Tribune to give recognition to the young athletes for outstanding performances in the 1964 - 65 basketball season. Coaches were also invited.

One of the highlights of the dinner was speech by George Mikan, former cage star from DePaul university who went on to carve quite a niche for himself in the professional end of the sport and in which he earned the name, "Mr. Basketball."

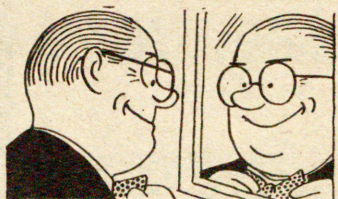

Wilfrid Smith, sports editor of the Tribune presented each of the young All-Stars with a certificate of merit. Each of the boys also was presented with a

trophy.

The All - Stars and coaches at the banquet represented over 150 public and private high schools in the Chicago metropolitan area. A total of 22 high school leagues were represented.

The boys from Lincoln-Way were, Howard Grimes, New Lenox, a senior, who played center; Richard Schroeder, New Lenox, a senior, forward and Bill Stanfill, Manhattan, sophomore, a guard.

From Sandburg High were, Andrew Corley, Palos Park, Doren Harding, Orland Park, and Bruce Hyink, Palos Park, all seniors.

When Peterson came in there were men on second and third with nobody out. Sandburg was leading then 6 to 3. The first man to face Peterson hit a deep fly to left that would have been an out but Jim Palmer, the left fielder, slipped in the mud and fell, with the ball dropping for a double and scoring the two men on base to make the score 6 to 5, and still no outs. Catcher Richardson came into the act then and on Peterson's first pitch to the next man up he caught the runner at second off the bag. Peterson struck out the man at the plate and made the next one hit a ground ball to George Depeder at first for the final out.

Depeder also was the first Eagle to get a hit this year. Urbanciz got two for four DeHertogh, one for one and two sacrifices; Phil Aliano, one for one and Dennis Breen, one for two.

W. Joe Henely, A Candidate For Trustee

W. Joe Henely, a candidate for Trustee, Village of Orland Park, father of six, resides at 14455 La Grange Road and has been a resident of the Palos - Orland community for the past ten years. He is known to many in and around Orland Park as the owner of the Farmhouse Inn. Educated in Chicago, Mr. Henely is a graduate of St. Viators where he majored in Business Administration. He also attended Chicago Conservatory of Music over a period of several years.

Mr. Henely's capacity for understanding people and their problems stems from his wide business and civic experiences for the past 25 years. He is President and a Board Member of the Airline Canteen Corporation; also President of Admiral Motel Corporation and a Member of the Board of Directors of the First National Bank in West Chicago. He is a Director of the Orland Park Chamber of Commerce and has served as a member of the Civic Development Committee. Incidentally, it was he who originated the Orland Park slogan - "GOLF CENTER OF THE WORLD."

Mr. Henely states his main purpose to be that of creating a better image of Orland Park, thus raising property values and attracting the much needed industry and retail business, which will, in turn, retain the tax balance.

CSHS Coach Speaker
At Kirby - McIntosh
Athletic Banquet

A group of champions heard "What it is to be a Champion" from Gerald Abrahamson, teacher-coach at Carl Sandburg high school. They were the basketball team of Kirby - McIntosh elementary school, which won all divisions, the conference title, and the conference tournament this year.

Abrahamson was the principal speaker for the banquet, the first in the school's new gym.

Special award went to Jim Donnelly, who won the free-throw contest and the cheerleaders presented the team with its first leather basketball, paid for out of proceeds from candy sales.

Spring And Tornadoes-- Just Go Along Together

Spring may be a many-
splendored thing, but for
some citizens, particularly
those in the southern and
western suburbs it also
marks the start of the tor-
nado season--with its threat
of tragedy and destruction.
"Be Alert" is the best ad-
vice for this season, says
Edward A. Menke, 823 Lat-
imer Lane, Flossmoor, the
volunteer disaster chairman
of the Mid-America Chapter,
American National Red
Cross.

Menke says tornadoes can
strike any time of day, but
most are likely to form be-
tween 3 and 7 p.m. "The
best action is a fast re-
action!" notes Menke. He
cited these lifesaving tips for
approaching tornado funnels:

1. In open country, wheth-
er walking or driving, find
the nearest ditch or ravine
and lie in the bottom.

2. In a town, no matter
whether working, walking or
riding, find cover in a strong
building. Stay away from
windows (tornadoes whip ob-
jects through the air at fan-
tastic speeds; have been
known to drive stalks of
straw deep into utility poles).

3. If at home, bring
children inside and go to the
basement or storm shelter--
fast! Huddle against the wall
that faces the approaching
storm.

4. If there is no storm cel-
lar or basement avail-
able, take cover under or
near a piece of heavy, pro-
tective furniture (desk,
table, couch), placed against
an inside wall. If there is
time, open a door or window

on the side of the building
away from the oncoming
storm. This will reduce
rapid changes in air pres-
sure and may prevent the
house from "exploding."

Menke said Red Cross has
trained disaster volunteers
to assist tornado victims
anywhere in the five-county
area surrounding Chicago.
They can provide the victims
with food, clothing, shel-
ter, medical attention or
long-range care and serv-
ices.

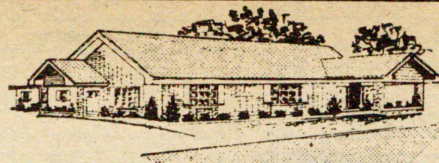

Win Awards

Eleven of Carl Sandburg's
entries in the District Sci-
ence Fair received "First
Place" awards and will be
entered in the state science
exposition in May. Sandburg
students also received seven
second place awards and two
thirds.

Winning first place awards
were Kevin McBurney and
Lambert Bere, Diane Gilbert
and Julianne Greene, Paul
Christenson and Dave Bart-
kowski, Jeff Bodwin and Gary
Schneider, Dan Bowen and
Tom Caswick, Doug Connell
and Roy Butera.

Other first place winners
were Karen Kordisch, Don
Patrick, Jim Manos, Gerry
Coleman and Gary Jones.

District competition was
at Illinois Institute of
Technology last Saturday.
All 20 entries from Carl
Sandburg had been selected
at the school's science fair
earlier this month. The state
science exposition is sched-
uled for Urbana on May 7-8.
